

I support media diversity

This is to request that you prevent huge media radio, TV, and newspapers, to gain control of all the airwaves and newspapers in this country. This is not a Democrat or Republican issue, this is an issue for democracy. Our country was founded on free speech and diversity, and if you allow Murdoch, GE, Viacom, Clear Channel, and many newspaper conglomerates to control what is published and projected on TV and radio, we have lost our free speech. I urge you to stop this takeover now. Respectfully,
Marlene Kuhlman
